Contacts with the Mainland and other countries have been maintained and developed to enable the Registry to assess its standards and performance objectively, and share experiences regarding the provision and development of corporate registration services and corporate governance issues in other jurisdictions.

In 2003-04, the Registry received 18 groups of visitors, including government departments and professional bodies from the Mainland, and directorate staff from Companies House in the United Kingdom and the Companies Office in New Zealand. The Registrar of Companies visited the Companies Bill Team of the Department of Trade and Industry in the United Kingdom on 20 August 2003. On 29 and 30 September 2003, the Registrar of Companies was a principal speaker at the Conference on "Agenda for the 21st Century: Revitalising the Corporation" organised by the Malaysian Association of the Institute of Chartered Secretaries and Administrators in Kuala Lumpur. The ideas and experiences shared during the visits and Conference will be very useful for developing new initiatives and strategies in the future.
