It is my privilege to share the Annual Report of the Companies Registry ("the Registry") for the year 2025-26. As at 31 March 2026, the number of local companies and re-domiciled companies on the Companies Register ("the Register") reached an all-time peak of 1,584,413, marking the third consecutive year in which the Registry attained a new high. This sustained growth underscores Hong Kong's competitiveness and attractiveness in starting a business and reinforces Hong Kong's position as a world-class place to do business. Looking ahead, we will continue to enhance our services to provide a more seamless and responsive service experience, while exploring the practical application of artificial intelligence ("AI") in our business operations.

卓越求變 邁向新天

多年來，本處竭誠為本地和國際企業打造卓越的營商平台，締建值得信賴的營商環境，並堅守合規監管的把關者角色。我們會繼續主動求變，善用新興科技並推出新措施，迎接更美好的新時代。

開通公司遷冊新跑道

面對不斷演變的環球規管環境，香港憑藉其開放的營商環境、穩健的法律體制及簡單的稅制展現其獨特優勢。為進一步回應於非香港地區成立但在香港有相當業務規模的公司的需求，本處推出了公司遷冊制度，旨在提供一項簡單、便捷並具成本效益的途徑，讓非香港法團遷冊來港，同時保留其在法律上的法人團體身分，並確保其業務運作得以延續。

善用人工智能科技加速提升服務

我們認同人工智能具備引領轉型的力量，並會在現有穩固的數碼基建上，繼續探索如何在日常營運中更廣泛地應用人工智能，例如將現有的聊天機械人「Clare」提升至生成式人工智能聊天機械人，並採用人工智能文件處理工具以提升工作效率。我們會繼續善用最新技術與創新科技來優化服務。

Driving Change for a Brighter Future

Over the years, the Registry has devoted significant efforts to building a premier platform for local and international enterprises, promoting a trusted business environment and acting as a gatekeeper for regulatory compliance. Through the adoption of emerging technologies and the introduction of new initiatives, we continue to drive change towards a brighter future.

Opening a New Pathway for Company Re-domiciliation

In an evolving global regulatory landscape, Hong Kong stands out for its open business environment, reliable legal framework and simple taxation system. To further address the demand from companies incorporated elsewhere with substantial business operations in Hong Kong, the Company Re-domiciliation Regime was introduced to provide a simple, accessible and cost-effective route for non-Hong Kong corporations to re-domicile to Hong Kong while preserving their legal identities as body corporates and ensuring business continuity.

Accelerating Service Delivery Improvements with AI-powered Technology

Recognising the transformative power of AI and building on our strong digital foundation, we are exploring wider application of AI in our daily operations, such as moving beyond the existing chatbot “Clare” to Generative AI chatbot and adopting AI document processing tools to improve efficiency. We continue to enhance our services by leveraging the latest technology and innovation.

抓緊大灣區帶來的機遇

作為粵港澳大灣區（下稱「大灣區」）內最開放和國際化的城市，香港擔當着「超級聯繫人」的關鍵角色，協助國外企業進軍大灣區的龐大市場。我們會繼續透過協助創辦企業、維護高水平的企業管治和加強執法，以促進商業發展。

就庫存股份設立規管及法律框架

香港建立了庫存股份的規管及法律框架，讓上市公司可因應特定目的持有、出售及轉讓回購股份，從而更靈活及更有效率地調整股本。此舉亦有助吸引優質企業在香港成立控股公司並申請在香港上市，進一步提升香港作為國際金融中心的競爭力。

推動本地公司以無紙化方式作出公司通訊

本處致力為公司締造便利營商的環境及提升香港作為國際商業及金融中心的地位。為提高公司營運效率和促進環保的營商環境，政府引入默示同意機制以簡化通知規定，並同時訂立適當的保障設施維護公司成員或債權證持有人的權益。倘公司擬透過網站提供的文件或資訊與其成員或債權證持有人通訊，可因應其實際需要及具體情況選擇最為合適的同意機制。

Capitalising on Opportunities in the Greater Bay Area

Being the most open and international city in the Guangdong-Hong Kong-Macao Greater Bay Area ("the Greater Bay Area"), Hong Kong plays a crucial role as a "super connector", helping overseas enterprises to access the vast markets of the Greater Bay Area. We continue to foster business development by facilitating business start-ups, upholding high standards of corporate governance and strengthening enforcement.

Establishing a Regulatory and Legal Framework for Treasury Shares

Establishing a regulatory and legal framework for treasury shares in Hong Kong provides greater flexibility and efficiency for listed companies to adjust their share capital through holding, selling and transferring shares bought back for specific purposes. This also helps attract quality companies to incorporate their holding entities and seek listing in Hong Kong, thereby enhancing Hong Kong's competitiveness as an international financial centre.

Promoting Paperless Corporate Communication for Hong Kong Companies

We are committed to providing a business-friendly environment for companies and enhancing Hong Kong's position as an international business and financial centre. To improve companies' operational efficiency and promote a green business environment, an implied consent mechanism was introduced to streamline notification requirements while putting in place appropriate safeguards to protect members' or debenture holders' interests. Companies may choose the consent mechanism that best suits their actual needs and circumstances where they wish to communicate with their members or debenture holders by making a document or information available on a website.
