Company Names Swops

Because of corporate re-organisation or other reasons, it is sometimes necessary for the name of a company to be swapped with the name of another company.

2. The Companies Registry has reviewed its policy on names swops. As a result, it has been decided that requests for names swops will be considered if the following documents are submitted -

- (a) a good explanation of why the names swop is required;
- (b) the special resolutions on change of name of the two companies swapping names; and
- (c) mutual consent letters from the two companies releasing the names for re-use.

3. If approved, the certificates of incorporation on change of name for the two companies swapping names will be issued on the same date.
